

Stress plate-HTK-2G-75

HTK 2G 75 tube-washers available pre-assembled with TKR flat roofing fasteners, for significant on site time-savings.

Application Features

- Insulation and single layer waterproof membrane back to 0.7mm - 1.2mm steel deck
- Insulation and single layer waterproof membrane to plywood deck a minimum of 18mm in thickness
- Thermally broken fastener/washer combination for minimal cold bridging

Material Specification

- High-grade plastic material
- Telescope design for resistance to imposed loads
- For insulating material thicknesses up to 605 mm
- Available loosely pre-assembled or collated
- Conforms to the requirements according to VOB and the application class K2 according to DIN 18531 regarding the corrosion resistance
- Note: for combination with EJOT Dabo® screws

Certifications

ETA-07/0013

NEW

HTK-2G Plug available for liquid applied systems.
